PROFILE

Management Information Systems student at İstinye University on a **100% merit scholarship**, working at the intersection of **business analysis, AI-driven automation, and data**. Six roles across marketing operations, sales, PR, and IT since 2023 — including exceeding retail sales targets two consecutive months and shipping a **live AI product end to end** as an undergraduate thesis.

PROFESSIONAL EXPERIENCE

Marketing & Administrative Specialist

• Active

Mar 2026 – Present

TDG

Internship · Hybrid · İstanbul, Türkiye

- Capture and qualify B2B leads at trade fairs, structuring data for the sales team's pipeline and CRM.
- Produce marketing content for TDG's digital channels within corporate brand guidelines.
- Coordinate client outreach and meeting scheduling that feeds the business development pipeline.

PR & Event Communications Coordinator

• Active

Sep 2024 – Present

Metin Gürsoy Brand Management & Marketing

Freelance Contributor

- Deliver PR and communications support for brand campaigns; regular contributor at Hermes Events.
- Coordinate media partnerships and stakeholder relationships across concurrent projects.

IT Intern

Jul 2025 – Aug 2025

Social Office

Internship · Remote

- Processed operational data in Excel and produced technical documentation in AutoCAD for IT operations.

Student Assistant

Jul 2024 – Dec 2024

İstinye University

Part-time · On-site · İstanbul

- Coordinated document workflows and project administration for academic and research staff.

Sales Representative

Feb 2024 – Apr 2024

Calvin Klein Jeans

Full-time · Mall of İstanbul

- Exceeded personal sales targets two consecutive months through structured customer engagement.
- Took on stock tracking, warranty management, and shift scheduling beyond core sales scope.

Sales Representative

Jul 2023 – Feb 2024

Swarovski

Full-time · Mall of İstanbul

- Selected for supervisor-track training at a global luxury brand within the first months.
- Converted walk-in visitors into repeat clients; managed e-commerce client relationships and inventory duties.

PROJECTS & RESEARCH

Bilişsel Çalışma Asistanı (Cognitive Study Assistant)

2025 – Present

Thesis Project

bilissel-asistan.onrender.com

- Designed, built, and deployed an AI web app that selects the optimal study protocol (Deep Work vs. Pomodoro) from the user's sleep data.
- Generates subject-specific cognitive warm-up questions and scores retention via active-recall analysis; live in production, privacy-first (no accounts, no stored data).

AgentFlow — Medium Publication

2024 – Present

Founder & Author

- Founded and write a research publication analyzing AI agents, multi-agent coordination, and their operational impact on startups — from a business-decision perspective.
