Data Analytics & AI | Management Information Systems

Istanbul, Turkey • +90 553 188 82 75 • anlkvk22@gmail.com • linkedin.com/in/anil-kavak • anllkvk.github.io

SUMMARY

Management Information Systems student (100% full scholarship) specializing in data analytics and applied AI, with hands-on business experience across marketing, B2B lead generation, and client operations. Built and deployed an AI-powered web application in Python with LLM integration as a thesis project, and founded a Medium research publication on AI agents. Seeking data analyst and marketing analytics roles where technical skills and commercial insight intersect.

TECHNICAL SKILLS

Programming & Data: Python, R, SQL, Excel (advanced), Data Analysis, Data Visualization

AI & Tools: Generative AI, LLM APIs, AI Agents, Git, VS Code

Marketing & Business: Marketing Analytics, B2B Lead Generation, CRM, Content Marketing, Public Relations

Languages: Turkish (native), English (professional)

PROJECTS & RESEARCH

Cognitive Study Assistant — Thesis Project

2025 – Present

AI-powered web application • bilissel-asistan.onrender.com

- Designed and deployed a full-stack Python web application that selects the optimal study mode (Deep Work vs. Pomodoro) based on user sleep data.
- Integrated an LLM API to generate subject-specific cognitive warm-up questions and run Active Recall analysis with automated success scoring.
- Implemented a privacy-first architecture with no data storage or account requirement; deployed to production on Render.

AgentFlow — Medium Publication, Founder & Author

2024 – Present

Research publication on AI agents and business strategy • medium.com/@agentflow

- Founded and authored a research publication analyzing AI agent frameworks, multi-agent orchestration, and their strategic impact on startups.
- Translated frontier AI trends into business-strategy analysis for a professional audience, publishing 10+ in-depth articles.

PROFESSIONAL EXPERIENCE

Marketing & Administrative Specialist — TDG

Mar 2026 – Present

Internship, Hybrid • Istanbul, Turkey

- Collected and structured B2B lead data at trade events, capturing roughly 50 qualified leads per event to support the sales team's identification and qualification pipeline.
- Created and managed marketing content for TDG's digital channels, ensuring alignment with corporate brand strategy.
- Coordinated client outreach and meeting scheduling in support of business development targets.

PR & Event Communications Coordinator — Metin Gursoy Brand Management

Sep 2024 – Present

Freelance • Istanbul, Turkey

- Supported PR and communications for brand campaigns as an active contributor at Hermes Events.
- Coordinated media partnerships and maintained stakeholder relationships across 5+ projects.

IT Intern — Social Office

Jul 2025 – Aug 2025

Internship, Remote

- Processed and structured operational data in Excel and produced technical documentation in AutoCAD to support digital IT operations.

Student Assistant — Istinye University

Jul 2024 – Dec 2024

Part-time, On-site • Istanbul, Turkey

- Provided document review, project coordination, and administrative support for academic and research staff.

Sales Representative — CK / Klein Jeans

Feb 2024 – Apr 2024

Full-time • Mall of Istanbul

- Exceeded personal sales targets by approximately 15% for two consecutive months through consistent customer engagement.
- Took on extended responsibilities including stock tracking, warranty management, and shift scheduling.

Sales Representative — Swarovski

Jul 2023 – Feb 2024

Full-time • Mall of Istanbul

- Completed supervisor-level sales training at a global luxury brand and converted regular visitors into loyal long-term clients.
- Managed e-commerce client relationships and assumed inventory management and team motivation duties.

EDUCATION

B.Sc. Management Information Systems — Istinye University

2023 – Expected 2027

Istanbul, Turkey • 100% Full Scholarship
